Newsletter March 2024

We have been busy!

We have been doing forest school for a long time with our Magpies room but this term we have also started to do it with our Robins on a weekly basis. We use our own woodlands as an environment for learning and growth.

We have observed that all children are really responding to the natural space.

On a Tuesday afternoon, the Robins room has been quiet this term so we have taken the opportunity to invite groups of Magpies in for cooking sessions.

We have made pasta salad, pizzas, banana bread and Easter nests.

Sarah has recently completed some People training. People are a charity that help parents to support the children's learning and development. Sarah will be starting to run some sessions for parents in the new term. We will let you know when we have further information about when these sessions will be running after Easter. Here is the link to the website for your information. [People - charity supporting parents with children's learning](https://www.people-charity.org/)
